Honorable Edward P. Boland, Chairman
Permanent Select Committee on Intelligence
House of Representatives
Washington, D.C. 20515

Dear Mr. Chairman:

This is in response to your letter of 29 November 1977 inquiring as to whether the recent book, Decent Interval, disclosed any information damaging to the national security.

As I noted when I briefed your Committee on 30 November, I have directed a detailed review of the book to determine whether it contains classified information. This review is not yet completed. What is of grave concern to me is Mr. Snepp's failing to clear his manuscript with the Agency, in accordance with the secrecy agreement which he signed, though he expressly agreed to do so. The integrity of our system of classification is seriously jeopardized if anyone entrusted with sensitive information can subjectively decide what can be publicly disclosed. Mr. Snepp's refusal to abide by his written agreement sets a dangerous precedent if unchallenged.

I have requested the Attorney General to look into the entire matter relating to the publication of this book and to consider taking all appropriate legal action against Mr. Snapp and his publisher.

I know this is a matter of high interest to the Committee and we will keep you informed of developments.

Yours sincerely

Yours sincerely,

STANSFIELD TURNER
